

21st Annual Scientific and Educational Meeting

Tuesday, October 10, 2023 | New Orleans, LA
Hilton New Orleans Riverside, St. James Ballroom

7:20-7:50am	Breakfast (opportunity to visit exhibits)	
7:50-8am	Welcome	Eric Schmidt, OD <i>OGS President</i>
Session 1		
8-8:30am	Forty years of structure and function – what have we learned	Richard K. Parrish III, MD <i>President's Lecture</i>
8:30-8:40am	Discussion and Questions	
8:40-9:10am	Unusual structural signs of glaucoma and progression	Brad Fortune, OD, PhD <i>Research Excellence Award</i>
9:10-9:2am	Discussion and Questions	
9:20-9:50am	Risk for Glaucoma Progression: functional parameters	Michael Sullivan-Mee, OD
9:50-10am	Discussion and Questions	
10-10:30am	Morning Break (opportunity to visit exhibits)	
Session 2		
10:30-11am	The effect of myopia on glial cells and associated vasculature, and its potential on glaucoma susceptibility	Carol Lin, OD <i>OGS Ezell Fellow</i>
11-11:10am	Discussion and Questions	
11:10-11:40am	Inter-pericyte tunneling nanotubes: new therapeutic targets to restore neurovascular coupling in glaucoma	Adriana Di Polo, PhD
11:40-11:50am	Discussion and Questions	
11:50am-12pm	OGS Group Photo	
12-1pm	Lunch (opportunity to visit exhibits)	
Session 3		
1-1:30pm	Clinical Case Presentations	Mitchell DuI, OD and panel
1:30-2pm	Optimizing the sequencing of optic nerve structure and function testing to identify glaucoma worsening	Michael Boland, MD, PhD
2-2:10pm	Discussion and Questions	
2:10-2:40pm	Advances in glaucoma genetics	Janey Wiggs, MD, PhD <i>OGS Honoree</i>
2:40-2:50pm	Discussion and Questions	
2:50-3:10pm	Afternoon Break (opportunity to visit exhibits)	

Session 4

3:10-3:40pm	What I wish we knew about glaucoma – questions the experts still have	Richard K. Parrish III, MD
3:40-3:50pm	Discussion and Questions	
3:50-4:20pm	Alterations of microvasculature, blood flow and hemodynamics related to glaucoma	Brad Fortune, OD, PhD
4:20-4:30pm	Discussion and Questions	
4:30-5pm	Neurodegeneration and Neurorecovery	Adriana Di Polo, PhD
5-5:10pm	Discussion and Questions	
5:10-5:30pm	Panel Discussion	
5:30-6pm	Shuttles to Commander's Palace	
6-9pm	Reception and Banquet Dinner Commander's Palace 1403 Washington Avenue New Orleans, LA 70130	

OGS/AAO: What we have learned and where we are going in glaucoma management

Wednesday, October 11, 2023

Convention Center, Level 2, Meeting Rooms 252+254

8-8:25am	My mistakes of omission and commission in glaucoma management	Richard K. Parrish III, MD
8:25-8:50am	Glaucoma genetic testing: challenges and opportunities	Janey Wiggs, MD, PhD
8:50-9:20am	Challenges we need to overcome to integrate machine learning into practice	Michael Boland, MD, PhD
9:20-9:40am	Panel Discussion and Questions
